Public Comment:

Ted Grau, 231 North Third Street, Olean, NY – wanted to make the board aware that the Superintendent is an Ex-Officio member of the board and has voting rights. Any board meeting with five (5) votes could be upheld. Questioned the encumbrance column on the Treasurer’s Report – how much in the future it covers? Kathy Elser responded that the encumbrance is for actual purchase orders in the system, through the end of the year. Eric Garvin noted that per the District’s legal counsel, while the Superintendent is an Ex-Officio, it is the warm bodies in attendance at the meeting. Legal council has advised that the District “is okay”.

Dave Lasky, 930 Crown Street – noted that he is the Webmaster for the District’s website – oleanschools.org. New additions have been made to the site: Budget: Transition: Board (draft meeting minutes and board packet). President Garvin thanked Mr. Lasky for his help.

Denise Gagliardo, 107 N. 13th Street – noted that she has children that attend District schools. She asked the board if they were aware of the number of District families that will be taking their children out of school and sending them to Portville, Allegany, or So. Tier Catholic. She is looking at taking her children out as well. Denise addressed the board regarding the changes – larger class sizes will result in disruption to teacher and students (integration, behavioral issues). What is going to happen to good kids that want to succeed and go to college? The new start time for school was never shared with the parents. Working parents such as herself, have to be to work by 9 am. Elementary school start time will be 8:50 am. MS starts at 7:30. What are parents supposed to do? She doesn’t want her child sitting around in the morning and getting in trouble. There is an after school program at the elementary schools, will there be such a program at the MS next year? The future for Olean students is not looking good.

Jennifer Wyant, 326 N. 11th Street – she has four children, one in MS, one in HS, and 2 at Washington West. She expresses her concern regarding the abolishment of an RN position and replacing it with an LPN. Encouraged the board to cut more administrators and keep the RN position. She feels decisions have been made too quickly. Parents/taxpayers were not informed of decisions until just recently. The board has indicated that everything they are doing is for the children – she does not feel it is for the kids as they will be getting less one-on-one time. An LPN has to get permission from an RN to treat/ triage. If a child is hurt and had to wait 15 minutes for an RN – what would happen? This could be liability.

Richard Frost, 211 W. Water Street – at the first Feasibility Study meeting, the question was asked about transportation cost and attendees were told that there would be NO increase. Now a bus needs to be purchased for $104,000 as well as an additional $136,000 in transportation expense.

Communication, Commendations:
a. Thank you to the Board of Education from the Boys’ Varsity Basketball Team
b. Gordon Cross update – doing well
c. Transition team letters – sent home with students

c. Q&A – sent to principals to send home with students; the second Q&A will be done by the end of this week and will address concerns discussed at tonight’s board meeting
d. Recent high winds knocked down a STOP sign causing damage to a car
e. Connect 4 – White Paper – efficiency grant (Olean, Allegany, Hinsdale, and Portville collaboration)
f. Transportation changes will result in elimination of the St. John’s shuttle bus
g. Capital Project – working with HUNT, Campus and Bernie Donegan’s office – Option 1 - 3

Discussion Item:
Dignity for All Students Act Presentation – Jeff Andreano
