Public Comment:
Dave Lasky, 930 Crown Street, Olean, NY – as President of the Olean Teachers’ Association he noted that the Olean City School District’s per pupil cost for education is less than districts of similar size. Mr. Lasky stated that the fiscal responsibility of the Board of Education is commendable; however, he does not feel as though the decision in regard to “how to spend the extra funding” was not correct. Dave pointed out the programs to be cut, the positions to be lost, and feels the time to spend the money is now rather than putting it into reserve funds. The board could have opted to raise the taxes by 3.12% and remain within the tax levy limit, however, it opted to levy at 2% - it opted to cut and/or reduce programs, and lay off staff.

Eric Garvin noted that the Board could have raised taxes by 3.12%, however, the community has heard 2%, 2%, 2% - the formula used to calculate the allowable tax levy is confusing. The board could have opted to use the additional aid to save positions, however, it will only compound the 2013-2014 school year's budget deficit.

Jennifer Wyant, 326 N. 11st Street – noted that staff positions will be cut, programs will be cut, however, recommendations from the feasibility study, such as the cutting the Superintendent of Buildings and Grounds and the Director of Personnel have not been done. Eliminating these two positions would save a few teacher positions. The District opted to keep Administrators positions, however, it is eliminating an RN position and keeping LPN. Who is going to deal with students that have serious and or critical issues. An RN would have to leave her position at one school to go to another school to access a bump on a child's head, etc. Administration will be reduced by 14%. RNs will be reduced by 43%, however, we still have the same number of students. She questioned whether or not staff was informed at the time contracts were being negotiated that they could make choices to help the deficit. Who turned the OCSD into the titanic? Who is to blame? It seems the blame is put on State Education, however, the deficit did not occur overnight. She sees it as fiscal responsibility – it is/was the board’s responsibility as elected officials to fight for our kids. Jennifer noted that cuts could be made in the attendance office. Phone calls used to be made when a student was not in school – now the calls are being made by an automated system. Teachers are sending class notes home with students – what happened to students taking their own notes – if they did this, perhaps the graduation rate would be higher than 67%.

Eric Garvin noted that bargaining units were asked to make concessions. The Administrator unit has agreed to concessions. In regard to the RN issue, LPN can administer care under the direct supervision of an RN that is within of distance of 15 minutes. Two administrative positions will be eliminated at the end of the school year. One administrator opted to retire early.

Tim Houseknecht, 417 York Street – reported that his administrative position is one that is being eliminated. He is tired of hearing Administrators blamed for pay/waste. Administrator come in at 7 am and are usually there until 6 pm. He has had the pleasure of working with one of the best Administrators, Jerry Trietley, MS Principal. He noted that the public should be thankful for the dedicated people running the schools. He is thankful for the opportunity that has been given to him during his employment with the District.

Mike Marvin, 120 S. 8th Street – noted that he is disappointed that the board opted not to increase taxes by 3.12%. If the budget vote failed, the board could have then gone back out for a 2:5 tax increase. Mike noted that the District has some outstanding administrator. With the closing of two schools, the restructuring, the staff and student transitions, etc., it was a wise decision to keep the administrator for the upcoming school year.
Question – could the additional state aid received be used as a retirement incentive? How many teachers retired this year?

Eric Garvin noted that two teachers will be retiring at the end of the school so far. Over the past four years retirement incentives have been offered. The last retirement incentive was two year rolling and employees had to retire if they were eligible. A retirement incentive is not intended nor should it be perceived as a parting gift.

Moved by P. Knieser, seconded by I. Katzenstein, upon the recommendation of Colleen Taggerty, Superintendent of Schools, to adopt the following resolution:

STATE ENVIRONMENTAL QUALITY REVIEW ACT
RESOLUTION OF THE
OLEAN CITY SCHOOL DISTRICT
REGARDING THE PROPOSED CONVEYANCE
OF DISTRICT PROPERTY

WHEREAS, Olean City School District (the "District") has allowed, through an easement, its neighboring business entity to use a portion of the District's Central Receiving building site located at 402 North Seventh Street as a driveway; and

WHEREAS, the neighboring business desires a wider, more usable driveway and wishes to purchase a rectangular area of land, approximately 25 feet by 200 feet, which includes the existing driveway as well as several additional feet in width in order to relocate the existing chain link fence and sidewalk and to widen the driveway to its business (the "property strip"); and

WHEREAS, the District has determined that the sale of the property strip which is mostly paved or concrete, and includes a fence and a sidewalk which will be relocated to the new property boundary, to a neighboring commercial entity is in the best interest of the District and will allow its neighbor better access due to a wider driveway; and

WHEREAS, in accordance with the provisions of the State Environmental Quality Review Act ("SEQRA") and the policy of the New York State Education Department, the District is the lead agency to review its directly undertaken "Unlisted" action of selling the property strip, and the District has completed an Environmental Assessment Form ("EAF") regarding the proposed action; and

WHEREAS, the District has considered the sale of the property and relocation / replacement of the fence and sidewalk and reviewed the EAF and the criteria set forth in SEQRA in order to determine whether the action will have a significant adverse impact on the environment; and

NOW THEREFORE, based on such consideration and review, the Board of the District hereby resolves that the sale of a rectangular area of land, approximately 25 feet by 200 feet, which is a portion of the District's property located at 402 North Seventh Street to its commercial neighbor to allow the neighbor to have a wider, more usable driveway will not have a significant adverse impact on the environment and a Draft Environmental Impact Statement will not be prepared for the reasons more particularly set forth in the Negative Declaration attached hereto and made a part hereof, and, in accordance with SEQRA, hereby adopts such Negative Declaration.
