## **Olean City School District Universal Pre-Kindergarten**

Universal Pre-Kindergarten is a New York State grant-funded program for children who are 4 by December 1st and not yet eligible for kindergarten. Children learn interactively in a developmentally appropriate classroom designed to promote school readiness.

Children work and play together in a child-friendly environment and become acquainted with the elementary school atmosphere, while learning early literacy and math skills. The program curriculum works to support each child's language, literacy, social-emotional, physical, and cognitive development and is aligned with New York State Pre-Kindergarten Learning Standards.

Students participating in UPK will attend Monday through Thursday following the elementary school schedule and attend on Friday for a half day. Universal Pre-K follows the school district calendar.
